NEW CONTEMPORARY ART CURATED BY ZACH TUTOR

PETER STICHBURY, “ANATOMY OF A PHENOMENON.”

Currently showing at [Tracy Williams, Ltd.](#) in New York City, New York until November 15th is the very talented artist [Peter Stichbury's](#) “Anatomy of a Phenomenon.” ([Previously on Supersonic.](#)) The show features Stichbury's instantly recognizable, stylized portraits (I wish he would paint me) as well as a new series of paintings that deal with UFOs. The idea behind portraits and unidentified objects are the mysteries that each of us hold within and seek to understand. See the UFO works below!
